- Annual Water Quality Report
- Volunteer to monitor harmful algal blooms
- Community Yard Sale
- Well water assistance
- Dealing with problem wildlife
- Upcoming Town Meetings
- Community Calendar

TOWN OF ULYSSES NEWS:

A FOND FAREWELL TO ULYSSES FROM DARBY KILEY, OUTGOING TOWN PLANNER:

Thank you Ulysses residents for a wonderful 6+ years. I enjoyed meeting many of you and getting to know volunteers on boards and committees. Ulysses is a special place and I wish you the very best. I look forward to future interactions with the town as I am moving on to a position with the Tompkins County Department of Planning and Sustainability. Thanks! ~Darby Kiley

JOB OPPORTUNITY: Spread the word! Tell your friends!

Environmental Planner- Application deadline is Sunday, May 20.

View details here: <http://www.ulysses.ny.us/pdf/2018-05-07-Environmental-Planner--Ithaca-Area.pdf>

NEW HOURS FOR PLANNING/ZONING OFFICE:

In Ms. Kiley's absence, there will be new hours for that office as we bridge the gap with some temporary helpers, John Czamanske and CJ Randall. Please take note of the new office hours:

Tues & Wed., 2-4pm

Fridays 10am-1pm

If you need assistance outside of these times, please call 387-9778 ext. 222 or e-mail ulysses.planner@gmail.com to make an appointment.

PUBLIC HEARING

Town Board- Tues., 5/22 7pm

On a Proposed Local Law to Amend Zoning Code §212-118h (1-3) Re: Development District 8, Moore's Marine. Link to details at <http://www.ulysses.ny.us/calendar/?cmd=view&event=2769&category=Government>

ROAD WORK IN THE TOWN

The town highway crew will be working on parts of Maplewood Road to replace a road crossing pipe. Access may be limited or delayed. Thank you for your patience.

Did you know that not all roads in the town belong to the town? In Ulysses, there are county and state roads as well as town roads. They are all maintained by their respective keepers. For details on which belongs to whom, view this map: <http://www.tompkinscountyny.gov/files2/gis/maps/pdfs/CoHwyMaps/CoHwyMapColor.pdf>.

ANNUAL WATER QUALITY REPORT (For Ulysses Water District 3 users)

Ulysses Water District 3 residents receive water from Bolton Point, via the Town of Ithaca. Link here to view the annual water quality report: <http://www.ulysses.ny.us/pdf/2018-AWQR-Final.pdf>

TOWN AFFILIATES:

COMMUNITY SCIENCE INSTITUTE

Volunteer to Monitor HABs (Harmful Algal Blooms)

The Cayuga Lake Watershed Network and Community Science Institute are offering a volunteer training to identify, collect and report HABs.

HABs pose a threat to Cayuga Lake. They can produce toxins that lead to sickness and even death in people and pets, and they have the potential to undermine Cayuga Lake as a source of drinking water and a desirable place to live or spend a vacation. As a "HABs Harrier", you would play a key role in tracking, understanding, and ultimately managing this emerging threat in our region.

Lakeshore homeowners, boaters and anglers are specifically encouraged to attend a 2 hour training in June. For more information, location and dates email info@communityscience.org or programs@cayugalake.org.

VILLAGE OF TRUMANSBURG:

Community Yard Sale- Sat., 5/19 at 8am.

Link to other Village information here: <http://trumansburg-ny.gov/>

TOMPKINS COUNTY:

Well Water Assistance Available to Tompkins Residents

The Water Well Trust, based in North Carolina, is a non-profit organization dedicated to ensuring that people have access to safe drinking water. Tompkins County is included in the current project area of the Water Well Trust. Residents in need of a new well or rehabilitation of an existing well are encouraged to apply for low-interest loans through the Water Well Trust.

The Water Well Trust is currently accepting applications from Tompkins County until September 30, 2018. More information and the application can be found here: <https://www.waterwelltrust.org/how-to-apply/>. Priority is given to households where health risks are imminent, to those with minorities, elderly, children, or disabled persons, including disabled veterans. Additionally, the resident must own the home and property.

Visit us on line at www.tompkinscounty.gov/health. Follow us on Facebook at <https://www.facebook.com/TompkinsPublicHealth/>.

NEW YORK STATE:

Dealing with Problem Wildlife

Encounters with wildlife have become more numerous as a result of urban growth into animals' natural habitat. Seeing animals in the woods can be fun, but having a skunk under the porch or a woodchuck digging up your yard is not. DEC has information available on its website to help landowners find out how to prevent and control wildlife conflicts. There, you will find nuisance wildlife information including:

Tips to reduce conflicts with wildlife

Finding a licensed Nuisance Wildlife Control Operator near you

Identifying permits or licenses needed to remove nuisance wildlife on your own

If you encounter wildlife acting sick or abnormal, leave the area. Contact the local Environmental Conservation Officer at 753-3095. Encounters between people and wildlife with rabies or distemper are rare, but if there is physical contact between the animal and you or your pet such as a bite or scratch, contact your doctor or vet and the local county health department to report it. Visit <https://www.dec.ny.gov/animals/89522.html>.

UPCOMING TOWN MEETINGS: (All are open to the public and meet at the Town Hall)

All town meetings are held at the town hall at 10 Elm St., Trumansburg, unless noted otherwise.

For agendas and other meeting information, click on the event on the calendar here: <http://ulysses.ny.us/calendar/?category=Government>

COMMUNITY CALENDAR

Check the community calendar at <http://www.ulysses.ny.us/calendar/>. You can also submit your own events.

Forward this message to anyone else that you think would be interested. We'd love to connect with more residents. To send questions or comments, or be removed from this list, please e-mail clerk@ulysses.ny.us
