This means that a claim must be submitted to any other applicable insurance or health care plan first (such as the insured's or parent's own personal or group medical plan), before being sent to Bollinger for payment. If, however, the insured has no other applicable insurance or health care plan, then this policy will pay claims on a primary basis. All accident claims are evaluated, adjusted and paid directly by Bollinger thus ensuring that you get the personal and professional attention your organization deserves.

** If your client has paid employees, please check with your state board of worker's compensation. The accident coverage provided by this policy is not meant to replace the worker's compensation coverage that your client may be required to provide by state law, and specifically excludes injuries to employees that would be covered by Worker's Compensation.*

A commission level of 15% is payable to your agency for this account. Please note that you may be asked to provide us with a signed Broker Agreement, an updated copy of your agency license and a signed W-9 form in order for RPS Bollinger, Inc. to issue your commissions.
