Budget

AND FIRE & EMS

04/11/2026 -- State of the Town

2025 Budget Review

Town Reserve Funds

increased by approximately \$173,000 – ~\$37,000 more than estimated, representing planned additions to reserves plus investment income

Unappropriated Fund Balance

about \$200,000 higher than anticipated – result of higher than expected revenues, savings in spending

BUDGET: 2025 Budget Review

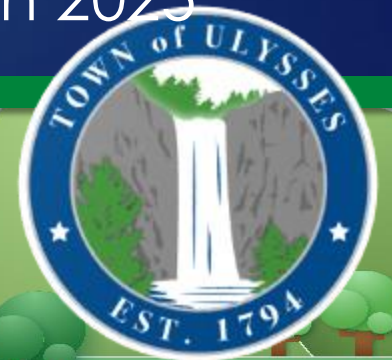

Actuals and Analysis

- ▶ **General Townwide (A fund):** exceeded projected revenue by ~9%; actual expenses slightly below estimates
 - ▶ largest contributing factors to surplus: mortgage taxes, sales taxes, court fees
- ▶ **Part-Town (B fund):** higher revenues and underspent, resulting in surplus
 - ▶ largest contributing factors: building permits, sales tax

Actuals and Analysis *(cont.)*

- ▶ **Highway funds (DA and DB):** variances due to additional sales tax revenue, lower snow removal costs, lower than expected use of CHIPS funding (carries over for 2026 use)
- ▶ **Water District 3:** modest revenue excesses from interest and fees; spending savings in legal and engineering
- ▶ **Ambulance billing revenue** significantly exceeded expectations, partly due to late-year receipt of funds and a new vendor starting in 2025

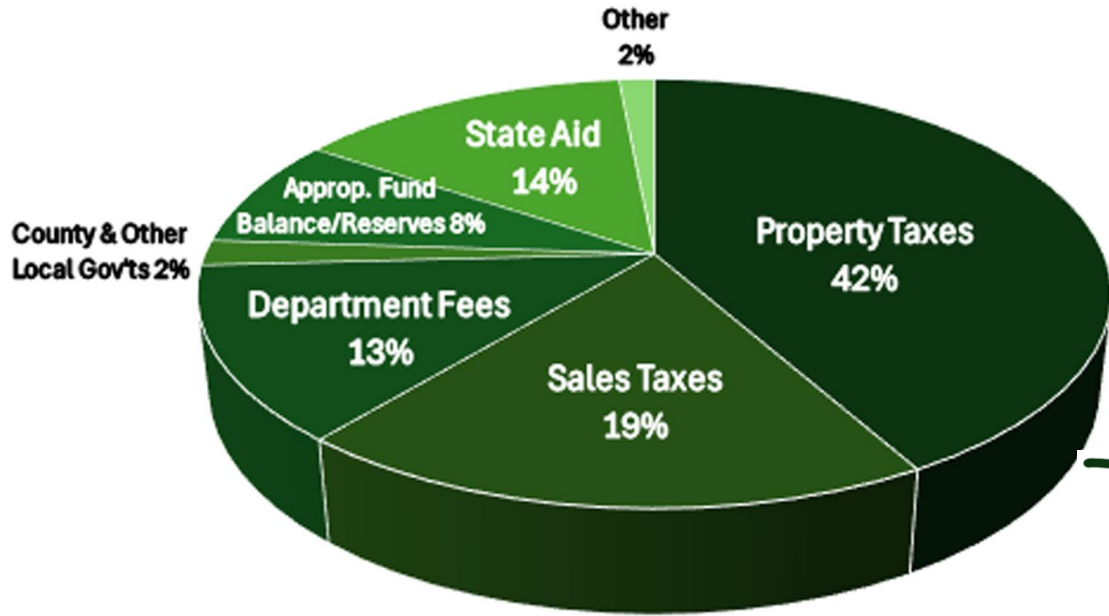

Revenue and Expenditure Highlights

- ▶ **Major revenue sources:** property taxes, sales taxes, intergovernmental funds, specific charges like recreation and ambulance services
- ▶ *Property taxes stable;* sales tax exceeded estimates; interest income and fees contributed to higher-than-expected revenue, especially in A Fund
- ▶ *Expenditure patterns show savings* in legal, engineering, Town operations, contractual spending
- ▶ *Highway and water district expenditures generally aligned* with or below budget; some savings in snow removal and legal costs

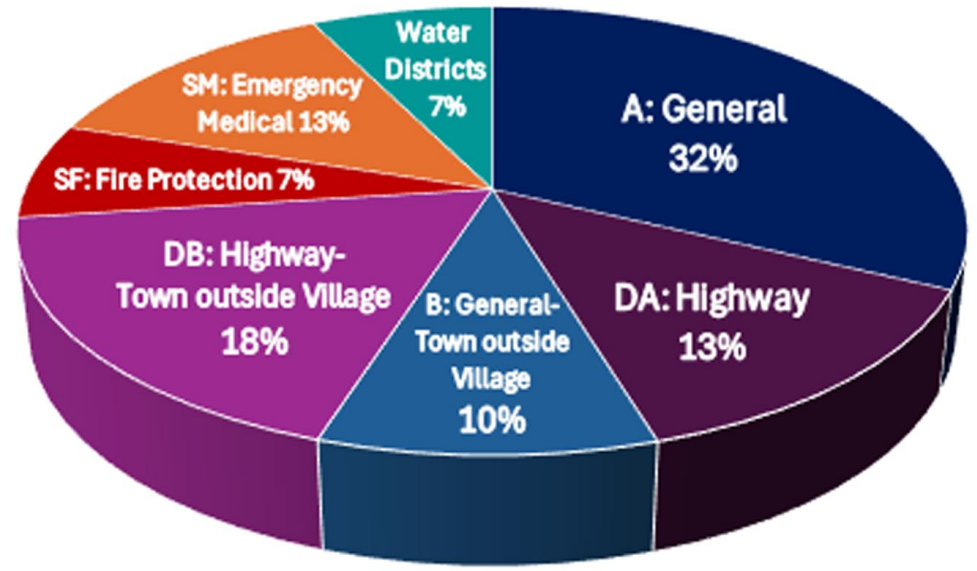

BUDGET: 2026 Budget, Fire & EMS

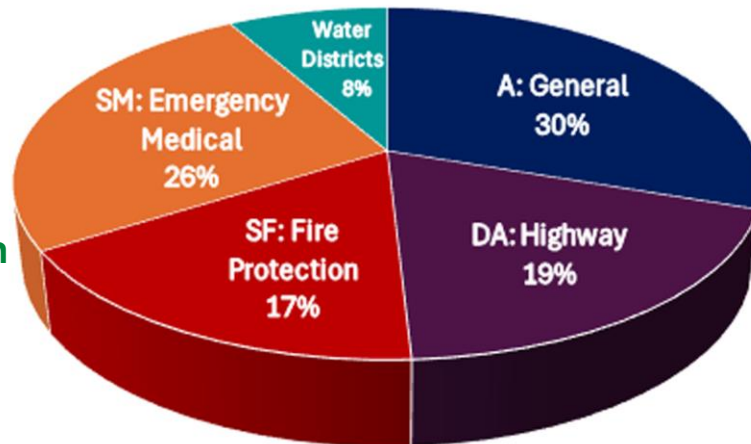

FUNDING SOURCES (2026 PROJECTED REVENUE)

USE OF FUNDS (2026 APPROPRIATIONS)

2026 Property Tax Revenue Distribution

BUDGET: 2026 *Budget, Fire & EMS*

Of note...

- ▶ **Fire and ambulance contracts: 43%** of property taxes; single biggest expense to town residents
- ▶ *Increased recreation opportunities = more revenue from fees, reducing taxpayer costs*
