Agriculture & Farmland Protection Plan

TOMPKINS COUNTY

Legend

-  Prime Soils & Soils of Statewide Importance*
-  Active Farmland
-  Inactive Farmland

*According to the United States Department of Agriculture, prime farmland has a favorable temperature, favorable moisture supply, and a desirable growing season for high yield crops. Farmland of statewide importance possess the soil quality, growing season, and moisture supply needed to produce economically sustained high yield crops when treated and managed according to acceptable farming practices.
